A replica of the MF 8650 tractor, this pedal tractor is resistant to rain, mud and snow and will provide hours of fun to your child.

The directional steering wheel, as well as its adjustable chain tension makes it solid and easy to handle.

Its opening bonnet allows little mechanics to check on the engine and its adjustable seat will adapt to their morphology to maximize comfort, just like the real pneumatic tires that this model is equipped with.

The functional and lockable front loader, will allow them to pick up anything they find in their path: sand, topsoil, leaves, wood, stones...
