Children have great fun when they are playing with the Fendt Animal Trailer.

The toy consists of a Fendt tractor with child-friendly appearance, light and sound, an animal trailer as well as a cow.

The tractor unit can easily be detached from the trailer.

This is what our youngest use to drive the cows to the pasture.

The cow and trailer are compatible with a well-known modular system, so that the toy fits in brilliantly with the toy collection at home.
