The MF 65 is one of the brand's most popular tractors.

First produced in the USA and the UK, it arrived in France in 1960 at the Beauvais factory.

Inspired by American tractors, particularly the MF 50, the MF 65 is technically an innovative tractor!

With its Perkins A4.203 engine, the characteristics that make it so successful are the double disc clutch, its 6 forward and 2 reverse speeds.

It is an ideal addition to any Massey Ferguson fan's collection.

Key features

Suitable for children from 12 years

Scale: 1:32
