Wurth Diesel Cure 330ml

REF: 0893567330 DEPOT: LEVENS

£16.47 + VAT

BRAND: WURTH

YEAR	HOURS/MILES	WEIGHT
-	-	-

Cleans and protects all standard diesel fuel systems used in passenger cars, trucks, in the maritime industry and agricultural machinery/plants.

Increases the lubricity of diesel.

Increases the service life of moving parts in the diesel system.

Lower failure risk of the injection system.

Improves atomisation.

Binds and neutralises acid condensations.

Protects against corrosion.

Prevents acid formation.

Loosens and removes deposits and resinified areas from the fuel tank through to the combustion chamber.

Improves atomisation of diesel.

Ensures precise injection.

Reduces fuel consumption.

Prevents new deposits from forming.

Reduces the output of environmentally harmful emissions.

Removes water from diesel systems, without damaging the engine.

Prevents the growth of bacteria.

Increases the storage stability of diesel.

Suitable for all types of diesel, including biodiesel.

330 ml are sufficient for up to 400 litres of diesel.

Key features

Diesel treated with Diesel Cure still meets the original technical specifications of the relevant applicable fuel standards, which the respective automotive and engine manufacturers stipulate for the warranty.

Approved by MTU Friedrichshafen GmbH and Detroit Diesel Corporation.
