REF: N/A DEPOT: LEVENS

£78.50 + VAT

BRAND: BUCKLER

YEAR	HOURS/MILES	WEIGHT
-	-	-

Buckbootz has been at the forefront of the development of the elastic sided work boot style which we call 'dealer'.

Our original dealer style safety boot B1150 has become something of an icon and has been followed by variations of the dealer style in injection moulded construction.

So why introduce another variation of the theme? Well, when it comes to Buckbootz dealer style safety boots we believe you can't have too much of a good thing and that is why we introduce Dealerz™ with plain toe styling to our Nubuckz range with the option of a non-safety specification.

DEALERZ safety incorporates metal free safety toe and safety midsole protection. We've included a reflective safety insert into the heel counter to not only add visibility but to also highlight that your feet are safe from anything looking to penetration into the sole of your foot!

Because Dealerz are certified to S3 standards, antistatic and energy absorption at the heel features come as standard. SRC maximum slip resistant rubber outsole ensures grip is no compromise either.

Key features

Brown cowhide leather upper.
